§ 515.10 Penalties.

Any person who makes a false statement in connection with any request for a record, or an amendment thereto, under this part, is subject to the penalties prescribed in 18 U.S.C. 494 and 495.

§ 515.11 General exemptions. [Reserved]

§ 515.12 Specific exemptions.

(a) The following system of records is exempt from 5 U.S.C. 552a(c)(3), (d), (e)(1) and (f):

Indian Gaming Individuals Records System

(b) The exemptions under paragraph (a) of this section apply only to the extent that information in this system is subject to exemption under 5 U.S.C. 552a(k)(2). When compliance would not appear to interfere with or adversely affect the overall responsibilities of the Commission with respect to licensing of key employees and primary management officials for employment in an Indian gaming operation, the applicable exemption may be waived by the Commission.

(c) Exemptions from the particular sections are justified for the following reasons:

(1) From 5 U.S.C. 552a(c)(3), because making available the accounting of disclosures to an individual who is the subject of a record could reveal investigative interest. This would permit the individual to take measures to destroy evidence, intimidate potential witnesses, or flee the area to avoid the investigation.

(2) From 5 U.S.C. 552a(d), (e)(1), and (f) concerning individual access to records, when such access could compromise classified information related to national security, interfere with a pending investigation or internal inquiry, constitute an unwarranted invasion of privacy, reveal a sensitive investigative technique, or pose a potential threat to the Commission or its employees or to law enforcement personnel. Additionally, access could reveal the identity of a source who pro-

vided information under an express promise of confidentiality.

(3) From 5 U.S.C. 552a(d)(2), because to require the Commission to amend information thought to be incorrect, irrelevant, or untimely, because of the nature of the information collected and the length of time it is maintained, would create an impossible administrative and investigative burden by continually forcing the Commission to resolve questions of accuracy, relevance, timeliness, and completeness.

(4) From 5 U.S.C. 552a(e)(1) because:

(i) It is not always possible to determine relevance or necessity of specific information in the early stages of an investigation.

(ii) Relevance and necessity are matters of judgment and timing in that what appears relevant and necessary when collected may be deemed unnecessary later. Only after information is assessed can its relevance and necessity be established.

(iii) In any investigation the Commission may receive information concerning violations of law under the jurisdiction of another agency. In the interest of effective law enforcement and under 25 U.S.C. 2716(b), the information could be relevant to an investigation by the Commission.

(iv) In the interviewing of individuals or obtaining evidence in other ways during an investigation, the Commission could obtain information that may or may not appear relevant at any given time; however, the information could be relevant to another investigation by the Commission.

(b) Whenever a subpoena duces tecum commanding the production of any record has been lawfully served upon a person to whom this part applies, such person shall forward the subpoena to the General Counsel. If commanded to appear in response to any such subpoena, a person to whom this part applies shall respectfully decline to produce the record on the ground that production is prohibited by this part and state that the production of the record(s) of the National Indian Gaming Commission is a matter to be determined by the Chairman or the General Counsel.

§ 517.1 Purpose and scope.

This part contains the regulations of the National Indian Gaming Commission implementing the Freedom of Information Act (FOIA). These regulations provide procedures by which members of the public may obtain access to records compiled, created, and maintained by the Commission, along with procedures the Commission must follow in response to such requests for records.

§ 517.2 Definitions.

(a) *Commercial-use requester* means requesters seeking information for a use or purpose that furthers the commercial, trade, or profit interests of the requester or the person on whose behalf the request is made. In determining whether a requester properly belongs in this category, the Commission shall determine the use to which a requester will put the documents requested. Where the Commission has reasonable cause to doubt the use to which a requester will put the records sought, or where that use is not clear from the request itself, the Commission shall seek additional clarification before assigning the request to a specific category.

(b) *Confidential commercial information* means records provided to the government by a submitter that arguably contain material exempt from disclosure under Exemption 4 of the FOIA, because disclosure could reasonably be expected to cause substantial competitive harm.

(c) *Direct costs* means those expenditures by the Commission actually incurred in searching for and duplicating records to respond to a FOIA request. Direct costs include the salary of the employee or employees performing the work (the basic rate of pay for the employee plus a percentage of that rate to cover benefits) and the cost of operating duplicating machinery. Direct costs do not include overhead expenses, such as the cost of and heating or lighting of the facility in which the records are stored.

(d) *Duplication* refers to the process of making a copy of a document necessary to fulfill a FOIA request. Such copies can take the form of, among other things, paper copy, microform, audio-visual materials, or machine-readable documentation. The copies provided shall be in a form that is reasonably usable by requesters.

(e) *Educational institution* refers to a preschool, a public or private elementary school, an institution of undergraduate higher education, an institution of graduate higher education, an institution of professional education, and an institution of vocational education, which operates a program of scholarly research.

(f) *Freedom of Information Act Officer* means the person designated by the Chairman to administer the FOIA.

(g) *Non-commercial scientific institution* refers to an institution that is not operated on a "commercial" basis as that term is used in § 517.2(a), commercial-use requester, and which is operated solely for the purpose of conducting scientific research the results of which are not intended to promote any particular product or industry.

(h) *Representative of the news media* refers to any person actively gathering news for an entity that is organized and operated to publish or broadcast news to the public. The term "news"
